

June 2014 Tryouts

introducing

MAGIC SOCCER CLUB

U13 BOYS COMPETITIVE & U13 BOYS DEVELOPMENT

Who are we?

A truly professional organization of International coaches from Venezuela, Colombia, Brazil, Ecuador, Peru, Chile, Argentina, Mexico, Germany, Greece, Ghana, Macedonia, Trinidad and Tobago, and the USA.

Jonothon Marquez (Club Director) established the club in 2005 after a successful professional soccer career in Venezuela. It is truly the World Cup of clubs by bringing in the influence and teachings of so many different cultures and player experiences. With over 30 area teams and instructing over 300 regional players we have quickly gained recognition as one of the top clubs for player development within Missouri.

Adding the competitive division to the club just a few years back is now giving us a chance to also be known for our team development. Just this past season Magic Soccer Club placed 80% of its teams in 1st or 2nd place for league in addition to multiple 1st & 2nd place finishes at Regional tournaments.

Jonothon provides professional training, professional experience, and a clear system to put in place for player and team success. His club and programs got him recognized as one of Springfield Business Journals 40 under 40 most influential to the area this past spring.

U13 Teams for 2014/2015

- "Yellow" is our competitive side of the club, focused on the advanced development of our players.
