Springfield Soccer Club is represented at National Training Camp!!

Briona "Bri" Halverson is off to sunny Chula Vista, California. She has been called into National Training Camp with 17 other players chosen from the USYS ODP program. They will spend June 15-22 training alongside and playing against the u17 US Women's National Team as they prepare for qualifying for the 2016 FIFA u17 Women's World Cup in Jordan. Players will be evaluated for possible participation in the US National Team events.

"This is quite an honor for any player, but especially for a girl from our area. Not since Anne Cook has a player from the Springfield area been recognized at this level. Often our players get over looked because they are from a small town, but not this time!! This just goes to show that hard work, determination, perseverance, and good skill can get you places", commented Eric Sorlie, Director of Springfield SC and Bri's coach. "Bri is committed to being the best player she can be. And it's infectious as her teammates want the same thing. She's knocking down barriers for other girls to strive for and showing what is possible. As a Club we always pride ourselves on progressing and developing talent. Bri's call up says a lot about her drive and work rate, but also the success the club has had on the field."

Bri's had this to say, "I'm really looking forward to the experience and lately I've been training on my own and working hard so I can be prepared. I'm praying that I do well and I'm just so very excited☺!! I'm so pumped to show people how much I love this game☺. I will represent SSC to the best, and am very thankful for those that have come before me to afford me this opportunity and I hope to do the same for others in the club☺"

You can read more about the trip and see the full list of 18 girls here:

Bri, we are all so proud of you!! We wish you the best of luck in CA. Enjoy it; you've earned this!!

Each level of success the club achieves sets up the ability for more and more players to reach new heights. It allows others to realize more and more is possible. We applaud everyone that has set the stone for the next to step onto, both on and off the field. Will you be next?
